Summary

I am a motivated individual seeking to utilize my skills in testing and technology to contribute positively to an organization. With a solid foundation in Computer Science, I am equipped with strong programming abilities, a good grasp of operating systems, and experience in internships that have shaped my knowledge in practical applications. I am eager for growth and professional development.

Key Achievements

Python Efficiency Enhancement

Increased code efficiency by 25% using Python libraries.

Team Leadership Excellence

Led a group of 4 interns, improving team output by 50%.

Experience
